

Henry Shaw Cactus Society

68th Annual Show and Sale, 2010

Show Chairs

Mike Hellmann, 1405 St. Louis St., Edwardsville, IL, 62025. 618.656.1803 or cactus1803@yahoo.com
Janet Kister, 5121 Ashrock, St. Louis, MO 63129. 314.894.3779 or kisterjl@slu.edu

Calendar

Entry Due Date	Sunday, July 25. Send Entry Forms to Janet Kister. She will give you your Entry Number.
Facility Set Up	Thursday, August 5, 9:00 a.m.
Member Set Up	Thursday, August 5, noon to 7:00 p.m. Friday, August 6, 9:00 a.m. to 5:00 p.m.
Judging	Saturday, August 7, 7:00 a.m. to 11:30 a.m. Judging is not open to members or to the public.
Opening Ceremony	Saturday, August 7, 11:30 a.m.
Show and Sale	Saturday, August 7, noon to 5:00 p.m. Sunday, August 8, thru Sunday, August 15, 9:00 a.m. to 5:00 p.m.
Plant Removal & Tear Down	Sunday, August 15, 5:00 p.m. to 9:00 p.m.

Rules and Regulations

Eligibility	<p>All current amateur members of Henry Shaw Cactus Society are eligible to submit succulent plants for the show. Amateurs are defined as one who grows plants by his/her own efforts for pleasure and whose income from sales, if any, do not exceed expenses for plants, seeds, etc.</p> <p>The Junior Division is open to members who are 16 years old and younger. Children and grandchildren of members are also welcome to enter the Junior Division. Junior exhibitors must grow their own plants and place their own entries.</p>
The Agreements	<p>By entering the Show, you agree to accept all rules and regulations in this document. You also agree to abide by the decisions of the Passing Chairs and of the Judges.</p> <p>By entering the Show, you agree to leave your plant at The Missouri Botanical Garden for the duration of the show. Two Passing Chairs may grant exceptions.</p> <p>Except for the Decorative Section, all plants you enter in the show must have been in your possession at least since February 5, 2010.</p> <p>Only one vehicle at a time may park at the back door while loading and unloading. You may not park in Director's parking space or in the bus parking areas.</p>

Henry Shaw Cactus Society

68th Annual Show and Sale, 2010

Food and beverages may not be served or set up.

Smoking is not allowed on Garden grounds.

The Henry Shaw Cactus Society and The Missouri Botanical Garden agree to exercise due caution and care in safeguarding the exhibits. However, neither the Society nor the Garden is responsible for any damage or loss that might occur.

Entry Forms

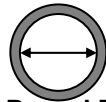

The Entry Form is a two-part carbonless form. When you submit your Entry Form, the Show Chair will give you your Entry Number.

If you have changes to your entries after you have submitted the Entry Form, contact Janet Kister immediately so display space can be reallocated.

Pots

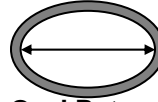

In the **Decorative Section**, we measure container size by its largest outside dimension – the container's width or depth.

In all other Sections, we measure pots by their inside dimension, a measurement that does not include the rim. See the diagrams below. There is a quarter inch allowance in pot measurement

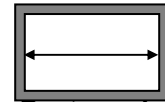

Round Pots:

Measure from inside to inside.

Oval Pots:

Measure from inside to inside, across the longest side.

Rectangular & Square Pots:

Measure from inside to inside, across the longest side.

Plant Labels & Tags

Plant labels and tags may not be visible.

To keep from losing your labels during the show, you can tape them to the bottom of the pot.

Staging

All plants must be presented in a manner that will uphold the reputation the Garden and of our show. Staging should reflect your efforts in culture as well as in staging. Do not display your plants with the pots they had when purchased unless they are indeed worthy of public display.

Supports & Trellises

Plants may be supported when necessary. Supports should be tasteful and inconspicuous.

Top Dressing

Top dressing is required and will improve the appearance of a plant on display. Artificially colored top dressing may be used only in the Decorative Section.

Plants in "Group of" Classes shall be dressed similarly.

Passing Standards

On Friday evening, all plants entered in the show will be reviewed by at least two Passing Judges. They will ensure that each plant adheres to show rules and the standards of the Henry Shaw Cactus Society. Fancy plants and fancy pots are not required. Rather, our objective is to ensure a high-quality show. Passing Judges will remove non-conforming plants from the show. Passing Judges may move an invalid entry to a correct class.

Henry Shaw Cactus Society

68th Annual Show and Sale, 2010

Entry Cards

This card identifies your entry to the judges and to the public. Each entry in a class must have a card. If you have two entries in a class, then each entry must have its own card. If you are entering a "Collection Of" or "Group Of" class, then all the plants in that collection get a single card.

Exhibitor					
<i>Your Name</i>					
Entry Number	Class Number				
23	67				
Plant Name, and/or Dish Garden Theme					
Mammillaria theresae Cristata					
Astrophytum asterias cv. 'Super Kabuto'					
Epithelantha bokei Cristata					
Cephalocereus senilis Cristatus					
Mammillaria geminispina cv. 'Nobilis' Cristata					
Passed by: _____					

Entry Number	Class Number				
23	67				
SP	1 st	2 nd	3 rd	HM	FTE

Your name goes in the **Exhibitor** spot.

In the Junior Section, the child's age also goes here.

You received your **Entry Number** when you turned-in your Entry Form. **Class Number** identifies the class where the plant is entered.

Fold Here ←

Important: When you set the card next to your plant on the show bench, fold the top back so that the judge cannot see your name.

Plant Name is required. A correct botanical name must be entered.

If the card is for a "Group Of" class, then 1st name is that of the plant furthest towards the back of the bench and the last name is the plant closest to the front edge of the bench.

If the card is for a Collection, the order of plant names on the card is at the exhibitor's discretion.

Dish Garden Themes are required in the Dish Garden Classes of the Decorative Section.

Leave the **Passed By** section empty. On Friday evening, two members of HSCS review all entries to ensure that the plants conform to the rules. The Passing Judges will put their initials here.

Below the Perforation:

Repeat your **Entry Number** and **Class Number** here. After the judging, the Clerks use the Entry and Class Numbers here to tally the results of the show.

Leave this section empty. It is for judging.

Henry Shaw Cactus Society

68th Annual Show and Sale, 2010

Judging

- Plant Condition - 60 points** This will include the overall presentation and appearance of the plant. The goal here, while rarely achieved, is cultural excellence in regards to shape, color and form of the plant. Making sure that your plant appears healthy, has good spination (no broken spines), good color, good form (no etiolation) and is insect and scar free will help you score well in this category. Maturity is also considered here and is weighed relative to the potential growth rates of each species.
- Staging - 20 points** This represents the overall presentation of the show plant. Using a clean pot which is the correct size for the plant (no over or under potting), clean and appropriate topdressing, a well groomed plant as well as the actual positioning of the plant in the pot is what should be addressed here. Bonsai pots and other ornamental containers may offer more to enhance the staging of the plant if used correctly. Yet, these pots are not necessary for a great presentation. It is easy to overpower the plant with fancy pots. Ordinary clay and plastic pots, if clean and unscarred, are less expensive and work just fine.
- Nomenclature - 10 points** You must have correct identification of your plant written legibly on the Entry Card. If you are unsure of the exact species you are showing, put the genus and then "sp." on the card. This will get you some credit for this category. Where there have been revisions in the nomenclature regarding the correct name of the plant, both the old and new names will be accepted by the judges.
- Rarity/Difficulty in Cultivation – 10 points** This category, in the past, has been associated with "Plant Condition", giving extra credit points to plants that are difficult to grow as well as acquire. We have given this category its own heading this year to encourage a more fair comparison in the above Plant Condition category regardless of rareness or difficulty to grow. This category will be used more as a tiebreaker, all else being equal. Some plants are much more challenging to grow well and should be given more weight in the judging process. By making this category worth only 10 points, we hope to encourage more members to enter their plants that are not hard to acquire or difficult to grow.

Awards

- Class Ribbons** Entries in each class may be awarded First Place, Second Place, Third Place, or Honorable Mention Ribbons.
- In the Decorative Section, only one First, Second, and Third Place Ribbon may be awarded in each class. In other sections, the judges may choose to grant more than one First, Second, and Third Place Ribbon in a class. In all sections, more than one entry may receive an Honorable Mention Ribbon.
- Judges may opt to grant no ribbons in a class.
- First-Time Exhibitor** One First-Time Exhibitor Ribbon is awarded to each member entering the show for the first time.

Henry Shaw Cactus Society

68th Annual Show and Sale, 2010

Special Awards

The Judges may grant one Special Award to acknowledge the best entry in a group of classes. To be eligible to receive a Special Award, an entry must have received a Blue Ribbon in its class.

The class groups are:

Best Decorative	Classes	1	through	11
Best Decorative	Classes	12	through	22
Best Collection	Classes	23	through	25
Best Allied Interest	Class	26		
Best Special Cactus	Classes	27	through	32
Best Group of Special Cacti	Classes	33	through	37
Best Specimen Cactus	Classes	38	through	53
Best Group of Specimen Cactus	Classes	54	through	65
Best Special Succulent	Classes	66	through	75
Best Bonsai or Habitat Staging	Classes	76	through	79
Best Group of Special Succulents	Classes	80	through	86
Best Specimen Other Succulent, Group A	Classes	87	through	99
Best Specimen Other Succulent, Group B	Classes	100	through	104
	And	110	through	117
Best Specimen Euphorbiaceae	Classes	105	through	109
Best Group of Other Succulents, Group A	Classes	118	through	129
Best Group of Other Succulents, Group B	Classes	130	through	140
Best Propagation	Classes	141	through	157
Best Educational Exhibit	Class	158		
Best Junior Entry	Classes	159	through	165

Sweepstakes, Decorative Sections

The Society presents a Sweepstakes Award to the exhibitor with the greatest number of Blue Ribbons and Special Awards in the Decorative, Collection, and Allied Interest Sections (Sections 1, 2, and 3). In determining the total, Special Awards count as two Blue Ribbons. The number of Red Ribbons will break a tie. A First Place Decorative Sweepstakes Trophy will be awarded. The Henry Shaw Cactus Society provides the trophy.

Sweepstakes, Specimen Sections

The Society presents Sweepstakes Awards to the exhibitors with the greatest number of Blue Ribbons and Special Awards in the Specimen Sections (Sections 4, 5, and 6).

In determining the total, Special Awards count as two Blue Ribbons. The number of Red Ribbons will break a tie.

First Place, Second Place, and Third Place Sweepstakes Trophies will be awarded. The Henry Shaw Cactus Society provides these trophies.

The First Place Sweepstakes Trophy winner also takes home the traveling engraved Silver Bowl. Ellen Ross donated this special award.

Sweepstakes, Junior Section

The Junior Exhibitor winning the greatest number of blue ribbons receives the Junior Sweepstakes Award. The Henry Shaw Cactus Society provides this trophy.

CSSA Education Trophy

The Cactus and Succulent Society of America provides a trophy for the best Educational Exhibit. There must be at least two educational exhibits entered for a CSSA trophy to be awarded.

Henry Shaw Cactus Society

68th Annual Show and Sale, 2010

The Dorothy Weitz Best Cactus Award

The Henry Shaw Cactus Society awards a trophy for the best cactus in the show.

The Dorothy Weitz Best Succulent Award

The Henry Shaw Cactus Society awards a trophy for the best non-cactus succulent in the show.

Judge's Choice

Each judge may award one entry as the plant(s) the judge "would most like to take home." The Henry Shaw Cactus Society provides these trophies.

Section I: Decorative

Judging Criteria:

Design (proportion and color)	30 points
Condition of the plants	30 points
Proper Materials	20 points
Adherence to a Theme	10 points
Plants well established	10 points
Total:	100 points

Class	Name	Requirements	Notes
1	Small Natural Container	<ul style="list-style-type: none"> • Container cannot be manufactured; it must be shell, wood, stone, etc. • Container must be 8" or less in any direction. • No rack or stand is permitted. • One entry per person. 	
2	Large Natural Container	<ul style="list-style-type: none"> • Container may not be manufactured; it must be shell, wood, stone, etc. • Container must be greater than 8" and less than or equal to 15" in any direction. • No rack or stand is permitted. • One entry per person. 	
3	Small Animal Container	<ul style="list-style-type: none"> • One plant only. • Container must be 8" or less in any direction. • One entry per person. 	
4	Large Animal Container	<ul style="list-style-type: none"> • One plant only. • Container must be greater than 8" and less than or equal to 18" in any direction. • One entry per person. 	
5	Humorous or Whimsical Container	<ul style="list-style-type: none"> • Container must be 18" or less in any direction. • One entry per person. 	
6	Novelty Container of Your Choice	<ul style="list-style-type: none"> • Container must be 15" or less in any direction. • One entry per person. 	
7	Toby Cup	<ul style="list-style-type: none"> • One plant only. • One entry per person. 	
8	Kitchen Utensil	<ul style="list-style-type: none"> • One plant only. • Examples of a kitchen-type container include a colander, measuring cup, serving spoon. • Container must be 14" or less in any direction. • A stand is permitted. • One entry per person. 	
9	Small Basket Planter	<ul style="list-style-type: none"> • The container must consist of woven natural materials. • One plant in soil. • Container must be 6" or less in any direction, including any handle. • No accessories allowed. • One entry per person. 	
10	Large Basket Planter	<ul style="list-style-type: none"> • The container must consist of woven natural materials. • One plant in soil. • Container must be greater than 6" and less than or equal to 12" in any direction, including a handle. • No accessories allowed. • One entry per person. 	
11	Sophistication	<ul style="list-style-type: none"> • One plant only. • Container must be a stemmed wine or cocktail glass. • The entry may resemble a cocktail, but this is not required. Related accessories are permitted. • One entry per person. 	

12	Strawberry Jar	<ul style="list-style-type: none"> • Container must be 12" or less in height. • One entry per person. 	
13	Related Pair	<ul style="list-style-type: none"> • One plant per container. • The two containers cannot be identical, but must be related. Examples include a cream and sugar bowl, or a salt and pepper shaker. • One entry per person. 	
14	Serving of Variety	<ul style="list-style-type: none"> • Five or less plants. • Containers of your choice. • A tray or placemat is required. • One entry per person. 	
15	Spoon Garden	<ul style="list-style-type: none"> • The spoon must be 6" or less in any length. • Accessories are permitted. • One entry per person. 	
16	Button Garden	<ul style="list-style-type: none"> • The container must be a button. The button may be displayed on a wood, plastic, or glass base. • Accessories are permitted. • One entry per person. 	
17	Miniature Dish Garden	<ul style="list-style-type: none"> • Container must be 3" or less. • Accessories are permitted. • A theme is required and must be written on both sides of the Entry Card. • One entry per person. 	
18	Small Dish Garden	<ul style="list-style-type: none"> • Container must be greater than 3" and less than or equal to 7". • Accessories are permitted. • A theme is required and must be written on both sides of the Entry Card. • One entry per person. 	
19	Medium Dish Garden	<ul style="list-style-type: none"> • Container must be greater than 7" and less than or equal to 12". • Accessories are permitted. • A theme is required and must be written on both sides of the Entry Card. • One entry per person. 	
20	Large Dish Garden	<ul style="list-style-type: none"> • Container must be greater than 12" and less than or equal to 15". • Accessories are permitted. • A theme is required and must be written on both sides of the Entry Card. • One entry per person. 	
21	Bromeliad or Tillandsia Arrangement	<ul style="list-style-type: none"> • The display must be less than or equal to 24" in any dimension. • One or more Bromeliads or Tillandsias must be planted or mounted on a natural material. • Natural accessories are permitted. • One entry per person. 	
22	Living Picture	<ul style="list-style-type: none"> • The frame may not exceed 9" by 12" and may not be over 2.5" deep. • One or more plants must be planted in the foreground. • The background must be appropriate, such as a picture or painted scene. • Accessories are permitted. • One entry per person. 	

Section 2: Collections

Judging Criteria:

Condition of Plants, Including Form & Color	45 points
Staging (Accessories/Decorations)	20 points
Nomenclature	15 points
Maturity	10 points
Cleanliness	10 points
Total:	<u>100 points</u>

Class	Name	Requirements	Notes
23	Tom Thumb Collection	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. • Accessories and stands are permitted. • At least ten plants. No more than twenty plants. • Pots in the group may not match, but they should be harmonious and attractive. • 1.5" is the maximum pot size. • 24" by 20" is the maximum display area. 	
24	Collection of Small Cacti and Other Succulents	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. • Accessories and stands are permitted. • At least ten plants. No more than twenty plants. • Pots in the group may not match, but they should be harmonious and attractive. • 3" is the maximum pot size. • 24" by 20" is the maximum display area. 	
25	My Collection	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. • Accessories and stands are permitted. • At least ten plants. No more than twenty plants. • Pots in the group may not match, but they should be harmonious and attractive. • 6" is the maximum pot size. • 36" by 20" is the maximum display area. 	

Section 3: Allied Interests

Class	Name	Requirements	Notes
26	Allied Interest	<ul style="list-style-type: none"> • Three entries allowed per person. Each entry must have its own entry card. • Entries in this class include art or craft projects such as photographs, paintings or drawings, woodworking, etc. • The exhibitor must have created the entry. 	

Section 4: Cacti

Judging criteria:

Plant Condition	60 points
Staging	20 points
Nomenclature	10 points
Rarity and Difficulty	10 points
Total:	100 points

Group 4A: Special Cacti

Class	Name	Requirements	Notes
27	Specimen Mature Miniature Cactus	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No crested, monstrose, variegated, or grafted plants. 4" is the maximum pot size. 	
28	Specimen Crested or Monstrose Cactus, Small	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. Pots must be less than 6". 	
29	Specimen Crested or Monstrose Cactus, Large	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. Pots must be at least 6". 18" is the maximum pot size. 	
30	Specimen Grafted Cactus	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. 18" is the maximum pot size. 	
31	Specimen Variegated Cactus	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. 18" is the maximum pot size. 	
32	Specimen Hanging Cactus	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No crested, monstrose, variegated, or grafted plants. 14" is the maximum pot size. 	

33	Group of White Spined Cacti	<ul style="list-style-type: none"> • One entry per person. • This class includes plants with white spines, white hairs, white glochids, etc. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
34	Group of Mature Miniature Cactus Specimens	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 4" is the maximum pot size. 	
35	Group of Crested and Monstrose Cacti	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. Mature plants only; no seedlings. • No grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
36	Group of Grafted Cacti	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. Mature plants only; no seedlings. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
37	Group of Variegated Cacti	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. Mature plants only; no seedlings. • No grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

Group 4B: Specimen Cacti			
Class	Name	Requirements	Notes
38	Specimen Opuntioideae	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 18" is the maximum pot size. 	

39	Specimen Pereskioideae Or Maihuenioideae	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 18" is the maximum pot size. 	
40	Specimen Hylocereae Or Rhipsalideae	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 18" is the maximum pot size. 	
41	Specimen Pachycereae	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. 52	Specimen Cacteeae, Not Ariocarpus, Not Astrophytum, Not Mammillaria, and Not Ferocactus	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 18" is the maximum pot size. 	
53	Specimen Browingieae	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 18" is the maximum pot size. 	

Group 4C: Groups of Specimen Cacti			
Class	Name	Requirements	Notes
54	Group of Specimen Opuntioideae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
55	Group of Specimen Pereskioideae and Maihuenioideae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
56	Group of Specimen Hylocereae and Rhipsalideae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

57	Group of Specimen Pachycereeae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
58	Group of Specimen Trichocereae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
59	Group of Specimen Cereae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
60	Group of Specimen Notocactae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
61	Group of Specimen Cactae, Ariocarpus Genus Only	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
62	Group of Specimen Cactae, Astrophytum Genus Only	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
63	Group of Specimen Cactae, Mammillaria Genus Only	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

64	Group of Specimen Cacteeae, Not Ariocarpus, Not Astrophytum, and Not Mammillaria	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
65	Group of Specimen Browingieae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

Section 5: Succulents Other Than Cacti

Judging criteria:

Plant Condition	60 points
Staging	20 points
Nomenclature	10 points
Rarity and Difficulty	10 points
Total:	<u>100 points</u>

Group 5A: Special Succulent Classes – Not Cacti

Class	Name	Requirements	Notes
66	Specimen Miniature Succulent	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No crested, monstrose, variegated, or grafted plants. 4" is the maximum pot size. 	
67	Specimen Crested or Monstrose Succulent – Small	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. Pots must be less than 6". 	
68	Specimen Crested or Monstrose Succulent – Large	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. Pots must be at least 6". 18" is the maximum pot size. 	
69	Specimen Grafted Succulent	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. 18" is the maximum pot size. 	
70	Specimen Variegated Succulent – Small	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. Pots must be less than 6" 	
71	Specimen Variegated Succulent – Large	<ul style="list-style-type: none"> Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. One plant per pot. Mature plants only; no seedlings. No grafted plants. Pots must be at least 6". 18" is the maximum pot size. 	

72	Specimen Flowering Succulent	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 18" is the maximum pot size. 	
73	Specimen Hanging Plant, Succulent	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • One plant per pot. Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • 14" is the maximum pot size. 	
74	Specimen "Fat Plant" – Small	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • Each plant must have a globular, squat, or "fat" form. Included in this class are caudiciforms (plants with a perennial caudex), pachycauls (plants that form proportionately thick stems or trunks), and raised tubers. A "Fat Plant" has a horizontal dimension and a thickness that other plants do not display. Typical globular cacti are not Fat Plants, but a cactus with visible tuberous roots may be a Fat Plant. Thick stems do not necessarily qualify a plant for this class. In this class, we are emphasizing "fat." • No crested, monstrose, variegated, or grafted plants. • One plant per pot. Mature plants only; no seedlings. • Pots must be less than 6". 	
75	Specimen "Fat Plant" – Large	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • Each plant must have a globular, squat, or "fat" form. Included in this class are caudiciforms (plants with a perennial caudex), pachycauls (plants that form proportionately thick stems or trunks), and raised tubers. A "Fat Plant" has a horizontal dimension and a thickness that other plants do not display. Typical globular cacti are not Fat Plants, but a cactus with visible tuberous roots may be a Fat Plant. Thick stems do not necessarily qualify a plant for this class. In this class, we are emphasizing "fat." • No crested, monstrose, variegated, or grafted plants. • One plant per pot. Mature plants only; no seedlings. • Pots must be at least 6". 18" is the maximum pot size. 	
76	Specimen Bonsai Form – Small	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • A plant in this class may be a cactus or other succulent that has been grown to resemble a dwarf tree. • One rock or figurine accessory is permitted. • Trellises or other supports are not allowed. • Moss or gravel may be used as a top dressing. • No crested, monstrose, variegated, or grafted plants. • One plant per pot. Mature plants only; no seedlings. • Pots must be less than 4". 	
77	Specimen Bonsai Form – Medium	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • A plant in this class may be a cactus or other succulent that has been grown to resemble a dwarf tree. • One rock or figurine accessory is permitted. • Trellises or other supports are not allowed. • Moss or gravel may be used as a top dressing. • No crested, monstrose, variegated, or grafted plants. • One plant per pot. Mature plants only; no seedlings. • Pots must be at least 4"; 8" is the maximum pot size. 	

78	Specimen Bonsai Form – Large	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. If you enter two plants, they must have different names. • A plant in this class may be a cactus or other succulent that has been grown to resemble a dwarf tree. • One rock or figurine accessory is permitted. • Trellises or other supports are not allowed. • Moss or gravel may be used as a top dressing. • No crested, monstrose, variegated, or grafted plants. • One plant per pot. Mature plants only; no seedlings. • Pots must be greater than 8"; 18" is the maximum pot size. 	
79	Habitat Staging	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • Entries in this class may be cactus or other succulent plants. • Entries in this class will be displayed to suggest the plant's natural landscape. • Natural props such as rocks, gravel, etc. may be used to affect the landscape. • An entry may display only one species. An entry may display more than one plant of that species. • No crested, monstrose, variegated, or grafted plants. • Mature plants only; no seedlings. • 18" is the maximum pot size. 	
80	Group of Mature Miniature Specimens	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. Mature plants only; no seedlings. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • No crested, monstrose, variegated, or grafted plants. • 4" is the maximum pot size. 	
81	Group of Crested or Monstrose Succulents	<ul style="list-style-type: none"> • One entry per person. • One plant per pot. Mature plants only; no seedlings. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • No grafted plants. • 8" is the maximum pot size.

121	Group of Specimen Amaryllidaceae, Hyacinthaceae, and Other Bulbs	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
122	Group of Specimen Asclepiadoideae, Tribe Stapeliae	<ul style="list-style-type: none"> • One entry per person. • See the classification document for a list of Stapeliae Genera. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
123	Group of Specimen Asclepiadoideae, Not Tribe Stapeliae	<ul style="list-style-type: none"> • One entry per person. • See the classification document for a list of non-Stapeliae genera. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
124	Group of Specimen Asphodelaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

125	Group of Specimen Asteraceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
126	Group of Specimen Bombacaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
127	Group of Specimen Bromeliaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match • 8" is the maximum pot size. 	
128	Group of Specimen Burseraceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
129	Group of Specimen Crassulaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
130	Group of Specimen Cucurbitaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
131	Group of Specimen Cycadeae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

132	Group of Specimen Didiereaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
133	Group of Specimen Euphorbiaceae, Euphorbia Genus Only	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
134	Group of Specimen Euphorbiaceae, Not Euphorbia Genus	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
135	Group of Specimen Fouquieriaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
136	Group of Specimen Moraceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
137	Group of Specimen Passifloraceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
138	Group of Specimen Portulacaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

139	Group of Specimen Vitaceae	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	
140	Group of Specimen Succulents, Not Cacti, Not Covered in the Classes Above	<ul style="list-style-type: none"> • One entry per person. • Mature plants only; no seedlings. • No crested, monstrose, variegated, or grafted plants. • Three to five plants that have different names. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. • 8" is the maximum pot size. 	

Section 6: Propagation

Judging criteria:

Plant Condition	70 points
Nomenclature	15 points
Staging	10 points
Rarity / Difficulty of Propagation	5 points
Total:	100 points

Class	Name	Requirements	Notes
141	Cactus Seedlings – Under One Year Old	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • Plants may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	
142	Cactus Seedlings – 1 to 2 Years Old	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • Plants may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	
143	Cactus Seedlings – 2 Years And Over	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • Plants may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	
144	Cactus Specimen Grown from Seed	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one individual plant. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • The plant may have been transplanted from the original seedbed. • 18" is the maximum pot size. 	
145	Succulent Seedlings – Under One Year Old, Not Cacti	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • Plants may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	
146	Succulent Seedlings – 1 to 2 Years Old, Not Cacti	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • Plants may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	
147	Succulent Seedlings – 2 Years And Over, Not Cacti	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • Plants may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	

148	Succulent Specimen Grown from Seed, Not Cacti	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one individual plant. • In addition to the species name, the Entry Card must also show the date the seeds were sown. • The plant may have been transplanted from the original seedbed. • 12" is the maximum pot size. 	
149	Cactus Propagation: Leaf, Stem, or Root Cutting	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date and method of propagation. • 12" is the maximum pot size. 	
150	Cactus Propagation: Offsets	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date and method of propagation. • 12" is the maximum pot size. 	
151	Cactus Propagation: Tissue Culture	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date and method of propagation. • 12" is the maximum pot size. 	
152	Succulent Propagation: Leaf, Stem, or Root Cutting. (Not Cactus)	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date and method of propagation. • 12" is the maximum pot size. 	
153	Succulent Propagation: Offsets (Not Cactus)	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date and method of propagation. • 12" is the maximum pot size. 	
154	Succulent Propagation: Tissue Culture (Not Cactus)	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • An entry consists of one pot containing one or more individual plants of the same species. • In addition to the species name, the Entry Card must also show the date and method of propagation. • 12" is the maximum pot size. 	
155	Group of Seed Grown Plants	<ul style="list-style-type: none"> • One entry is allowed per person. • Plants in this class may include cacti and/or other succulents. • A group consists of three to eight plants from different species in individual pots. • In addition to the species names, the Entry Card must also show the date sown. • 8" is the maximum pot size. • Pots in the group must match – all clay, all plastic, all ceramic, etc., but pot sizes may be mixed. • The topdressing on plants in the group must match. 	
156	Grafted Cactus	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • In addition to the species name, the Entry Card must also show the date of the graft. • The exhibitor must have performed the graft. • 8" is the maximum pot size. 	
157	Grafted Succulent, Not Cactus	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • In addition to the species name, the Entry Card must also show the date of the graft. • The exhibitor must have performed the graft. • 8" is the maximum pot size. 	

Section 7: Education

Judging criteria:

Educational Value	50 points
Plant Condition	30 points
Originality	10 points
Presentation	15 points
Total:	<u>100 points</u>

The Special Award for this section is provided by
The Cactus and Succulent Society of America.

Class	Name	Requirements	Notes
158	Educational Display	<ul style="list-style-type: none"> • One entry per person. • The exhibit will focus some aspect of our hobby. Some examples are: methods of propagation, experimental data, grafting, and variation within a genus. • The exhibitor must develop the display. • Last year's displays are not eligible for this year's awards. Last year's displays will, however, be eligible next year. • 36" by 20" is the maximum display area. 	

Section 8: Junior Division

Judging criteria:

Plant Condition	45 points
Accessories/Decorations	20 points
Nomenclature	15 points
Maturity	10 points
Cleanliness	10 points
Total:	100 points

Class	Name	Requirements	Notes
159	Junior Division – My Collection	<ul style="list-style-type: none"> • The child's age must appear on the entry card – next to his or her name. • One entry per person. • One plant per pot. • Accessories and stands are permitted. • No more than ten plants. • Pots in the group may not match, but they should be harmonious and attractive. • 6" is the maximum pot size. • 24" by 20" is the maximum display area. 	
160	Junior Division – Specimen Cactus	<ul style="list-style-type: none"> • The child's age must appear on the entry card – next to his or her name. • Two entries are allowed per person. Each entry must have its own entry card. • One plant per pot. • 18" is the maximum pot size. • Pots may be plain or decorative. 	
161	Junior Division – Specimen Succulent, Not Cactus	<ul style="list-style-type: none"> • The child's age must appear on the entry card – next to his or her name. • Two entries are allowed per person. Each entry must have its own entry card. • One plant per pot. • 18" is the maximum pot size. • Pots may be plain or decorative. 	
162	Junior Division – Natural Container	<ul style="list-style-type: none"> • Two entries are allowed per person. Each entry must have its own entry card. • The child's age must appear on the entry card – next to his or her name. • Container cannot be manufactured; it must be shell, wood, stone, etc. • Putting the plant's name on the Entry Card is optional. • Container must be 10" or less in any direction. • One plant, cactus or other succulent. 	
163	Junior Division – Animal Container	<ul style="list-style-type: none"> • The child's age must appear on the entry card – next to his or her name. • Two entries are allowed per person. Each entry must have its own entry card. • Putting the plant's name on the Entry Card is optional. • Container must be 10" or less in any direction. • One plant –a cactus or other succulent plant. 	
164	Junior Division – My Project	<ul style="list-style-type: none"> • The child's age must appear on the entry card – next to his or her name. • One entry per person. • The exhibit will focus some aspect of our hobby. Some examples are propagation, experiments, and variation within a genus. • Accessories and stands are permitted. • No more than ten plants. • Pots in the group may not match, but they should be harmonious and attractive. • 6" is the maximum pot size. • 24" by 20" is the maximum display area. 	

165	Junior Division – Allied Interest	<ul style="list-style-type: none">• The child's age must appear on the entry card – next to his or her name.• One entry per person.• Examples of entries in this class include photographs, paintings or drawings, woodworking, etc.• The exhibitor must have created the entry.
